

If you interested in auditioning for Symphonic Band at Skyline, you will need to access the WIBC audition information page. It can be found here:

http://www.bandworld.org/WIBC/View.aspx?p=WIBC_Audition

Scroll down until you see the grids labeled **WIBC Audition Part 1** and **WIBC Audition Part 2**. Don't worry about the **Part 2** section, we are only going to record music from **WIBC Audition Part 1** section.

Scroll down until you find the line/section for your instrument. For instance, if you are auditioning on **Euphonium**, you will scroll down until you find the item labeled "**Euphonium PDF.**" If you click on that icon, and scroll down, you will see a printable copy of your audition music. Percussionists need to audition on two of the three instrument classifications, but you CAN do all three, if you wish.

All the instructions, printed music files, and "how-to" information is available right there on the WIBC site. Just remember these three changes:

1. Just substitute **APRIL 3** for any other "due date" information.
2. When you finish your audition files (one file for each of the audition pieces), upload them to youtube, and then send me the URL links to the recordings
3. Send your links to me at my SHS e-mail address: pittd@issaquah.wednet.edu

Good Luck!
